TELSTAR HIGH SCHOOL SCHEDULES 10 HALF-DAY SELF-EVALUATION WORKSHOPS

Since its formation in 1968, Telstar Regional High School has not received accreditation from the New England Association of Schools and Colleges. This commission confers two, five and 10 year accreditations on secondary schools throughout New England. Accreditation is conferred after a visiting committee of impartial educators observes the school and analyzes a self-evaluation report completed by the school being evaluated.

A visiting committee of outside professional educators will observe and evaluate Telstar in October, 1978. To prepare for this observation, the Telstar faculty will spend many hours throughout the coming year working on a self-evaluation report. Every faculty member will serve on four different committees. Altogether, 22 different committee reports will be submitted to the steering committee, approved by the whole faculty and incorporated in the Telstar Self-Evaluation Report, which will be reviewed by the visiting committee as part of the evaluation.

In planning the self-evaluation, Mrs. Helen Berry, the Steering Committee Chairman, divided the committee work into four phases as follows:

Phase A: School and Community, Philosophy and Objectives (deadline 11/7/77).

Phase B: English Mathematics, Foreign Languages, School Facilities, Special Education, Business (deadline 1/24/78).

Phase C: Physical Ed., Science, Driver Ed., Educational Media Services, Guidance Services, Music, Home Economics (deadline 3/24/78).

Phase D: Industrial Arts, Social Studies, Curriculum, Student Activities, Art, School Staff and Administration, Health (deadline 5/24/78).

In order to accomplish these phases on the target dates above, and thereby complete the self-evaluation report on schedule, Dr. Wayne Gersen, the principal at Telstar, has scheduled 10 afternoon workshops so the faculty can work on the sub-committee reports, and hold open forums to

COMMENTS FROM THE TOWN MANAGER'S OFFICE

In meetings next week, the Board of Selectmen will meet Monday evening, Sept. 12, at 7 p. m., in the Town Office, and the Law Enforcement and Safety Committee will meet Wednesday evening, Sept. 14, at 7 p. m. in the Town Office.

As Town Officials are receiving numerous complaints concerning dogs running-at-large, a stepped up enforcement program will be undertaken during the coming weeks. We ask the cooperation of all dog owners in keeping their dogs under control as is required by State Statute.

The Bethel Fire Department would like to express its appreciation to Gregg Snyder and his business, Pro Surfaces for sealing the driveway ramp in front of the Fire Station at no cost to the town.

The Town Office staff has been working on tax bills during the past three weeks and bills should be mailed next week. The tax rate this year is \$18 per \$1,000 valuation, an increase of \$1.50 per \$1,000 valuation over last year's rate of \$16.50.

TELSTAR SEEKS COMMUNITY MEMBERS FOR ACCREDITATION COMMITTEES

Do you think Telstar is preparing its students adequately for higher education or a career? Do you feel the educational program at Telstar should be revised? Should more vocational courses be offered at Telstar?

Dr. Wayne Gersen, Telstar Regional High School principal, and Mrs. Helen Berry, the chairperson of the Steering Committee at Telstar hope to have community members, students, and faculty members working together on these broad issues in the year ahead.

These are some of the questions the school and community sub-committee and the philosophy and objectives sub-committee will be dealing with in the next two months. Faculty members have already selected one of these committees to serve on, but Dr. Gersen and Mrs. Berry hope to have several community members on each committee. Involvement of persons outside of the faculty would be beneficial on these committees, to help faculty members understand the diversity of S. A. D. #44, and the different philosophies and outlooks community members hold regarding the function and performance of public schools. These sub-committee reports are critical, since the data collected in the school and community report, and the conclusions drawn in the philosophy and objectives report serve as a point of reference for all of the 20 remaining sub-committee reports.

Sub-committee meetings will be held beginning at noon on Tuesday, Sept. 27, 1977, all day on Friday, Oct. 7, 1977, and on several other afternoons to be arranged after school hours.

Persons wishing to serve on accreditation sub-committees should call Dr. Gersen or Mrs. Berry at Telstar between 7:30 and 3:30 Monday through Friday. These workshops will be important in planning the program at your high school; let your voice be heard at these meetings.

S. A. D. #44 BOARD TO MEET AT WOODSTOCK GYM SEPT. 12

The board of directors of S. A. D. #44 are scheduled to meet at the Woodstock Elementary School Gymnasium next Monday evening, Sept. 12. The meeting is expected to start at about 8 o'clock as the directors are to make an informal tour of the facilities starting at 7 o'clock.

ROTARY SPEAKER TO SPEAK ON AID TO BLIND AND VISUALLY IMPAIRED

The Speaker at the Bethel Rotary Club meeting on Sept. 13 will be George Menden, of New York City, who will speak on his work with the blind and visually impaired persons. This should be of interest to many in this area. The public is invited to attend this at the Sudbury Inn next Tuesday at about 12:45 p. m.

BETHEL HISTORICAL SOCIETY HOLDS ANNUAL MEETING

Over fifty members and guests attended the annual meeting of the Bethel Historical Society held Thursday evening, Sept. 1, in the Meeting Room of the Moses Mason House. A bountiful pot luck supper preceded the meeting.

During the business meeting a report on an antiquarian supper held in March 1895 at the home of Dr. N. T. True was highlighted by Randall Bennett, Education and Research Committee Chairman.

The nominating committee presented a slate of officers for the following year which was accepted by the membership. Re-elected were: President, John J. Willard, Jr.; Vice-President, Catherine Newell; Secretary, Judith Haskell; Treasurer, Margaret J. Tibbets. Elected to the Board of Trustees for three years was Suzanne Fiske. President Willard praised the contributions of retiring trustee Floribel Haines.

A report on activities during the past year was heard. Three courses offered, two newsletters published, two grants received, volunteers conference held, Broad Street exhibit completed, afternoon lecture series initiated, Broad Street Bookie, published were among those cited. Many fine gifts were received during the past year and membership increased by nearly 100. Slides of several old photographs acquired during the past year were shown and a film, "To Begin," an award winning production, presented. This film makes an eloquent plea for better planning and taste, less commercialization and littering of environment.

Mrs. Bertha Thurston returned home Wednesday from a visit with relatives in Prince Edward Island, Canada.

A Better Buy

Sure mortgage interest rates are higher than they were, but so are the market values of homes and land. Please believe me when I say that even at today's inflated prices and interest rates, real estate is a better buy than anything else you can go after with borrowed dollars.

Financing for other purchases often costs twice as much—and these things depreciate while a house usually grows in value. Check the trade-in value of your car when you turn it in for a new one. And for the past ten years, real estate values have doubled the increase

TELSTAR HIGH SCHOOL SCHEDULES TO HALF-DAY SELF-EVALUATION WORKSHOPS

Since its formation in 1968, Telstar Regional High School has not received accreditation from the New England Association of Schools and Colleges. This commission confers two, five and 10 year accreditations on secondary schools throughout New England. Accreditation is conferred after a visiting committee of impartial educators observes the school and analyzes a self-evaluation report completed by the school being evaluated.

A visiting committee of outside professional educators will observe and evaluate Telstar in October, 1978. To prepare for this observation, the Telstar faculty will spend many hours throughout the coming year working on a self-evaluation report. Every faculty member will serve on four different committees. Altogether, 22 different committee reports will be submitted to the steering committee, approved by the whole faculty, and incorporated in the Telstar Self-Evaluation Report, which will be reviewed by the visiting committee as part of the evaluation. In planning the self-evaluation, Mrs. Helen Berry, the Steering Committee Chairman, divided the committee work into four phases as follows:

Phase A: School and Community, Philosophy and Objectives (deadline 11/7/77).
Phase B: English Mathematics, Foreign Languages, School Facilities, Special Education, Business (deadline 1/24/78).

Phase C: Physical Ed., Science, Driver Ed., Educational Media Services, Guidance Services, Music, Home Economics (deadline 3/24/78).

Phase D: Industrial Arts, Social Studies, Curriculum, Student Activities, Art, School Staff and Administration, Health (deadline 5/26/78).

In order to accomplish these phases on the target dates above, and thereby complete the self-evaluation report on schedule, Dr. Wayne Gersen, the principal at Telstar, has scheduled 10 afternoon workshops so the faculty can work on the sub-committee reports, and hold open forums to continued on Page Four

TELSTAR SEEKS COMMUNITY MEMBERS FOR ACCREDITATION COMMITTEES

Do you think Telstar is preparing its students adequately for higher education or a career? Do you feel the educational program at Telstar should be revised? Should more vocational courses be offered at Telstar?

Dr. Wayne Gersen, Telstar Regional High School principal, and Mrs. Helen Berry, the chairperson of the Steering Committee at Telstar hope to have community members, students, and faculty members working together on these broad issues in the year ahead. These are some of the questions the school and community sub-committee and the philosophy and objectives sub-committee will be dealing with in the next two months. Faculty members have already selected one of these committees to serve on, but Dr. Gersen and Mrs. Berry hope to have several community members on each committee. Involvement of persons outside of the faculty would be beneficial on these committees, to help faculty members understand the diversity of S. A. D. #44, and the different philosophies and outlooks community members hold regarding the function and performance of public schools. These sub-committee reports are critical, since the data collected in the school and community report, and the conclusions drawn in the philosophy and objectives report serve as a point of reference for all of the 20 remaining sub-committee meetings will be held beginning at noon on Tuesday, Sept. 27, 1977, all day on Friday, Oct. 7, 1977, and on several other afternoons to be arranged after school hours.

Persons wishing to serve on accreditation sub-committees should call Dr. Gersen or Mrs. Berry at Telstar between 7:30 and 8:30, Monday through Friday. These workshops will be important in planning the program at your high school, let your voice be heard at these meetings.

BETHEL HISTORICAL SOCIETY HOLDS ANNUAL MEETING

Over fifty members and guests attended the annual meeting of the Bethel Historical Society held Thursday evening, Sept. 1, in the Meeting Room of the Moses Mason House. A bountiful pot luck supper preceded the meeting.

During the business meeting a report on an antiquarian supper held in March 1955 at the home of Dr. N. T. True was highlighted by Randall Bennett, Education and Research Committee Chairman.

The nominating committee presented a slate of officers for the following year which was accepted by the membership. Re-elected were: President, John J. Willard, Jr.; Vice-President, Catherine Newell; Secretary, Judith Haskell; Treasurer, Margaret J. Tibbetts. Elected to the Board of Trustees for three years was Suzanne Fiske. President Willard praised the contributions of retiring trustee Floribel Haines.

A report on activities during the past year was heard. Three courses offered, two newsletters published, two grants received, volunteer conference held, Broad Street exhibit completed, afternoon lecture series initiated, Broad Street Booklet published were among those cited. Many fine gifts were received during the past year and membership increased by nearly 100. Slides of several old photographs acquired during the past year were shown and a film, "Time to Begin," an award winning production, presented. This film makes an eloquent plea for better planning and taste, less commercialization and littering of environment.

Mrs. Bertha Thurston returned home Wednesday from a visit with relatives in Prince Edward Island, Canada.

IN REMEMBRANCE

Of Albert Mickey Flanders whose death occurred on July 22, 1977. We, his friends and relatives wish to pay tribute to him for our very special memories and to bring to mind again his many lovable qualities which were so characteristic of him and will be so well remembered.

Mickey was left a widower with eight children to care for and later he married a widow with four children and made him responsible to care for twelve children, their husbands or wives and their children. He carried out this responsibility with his characteristic patience, love and loyalty.

Many will recall him from years past, as a member of the Oxford County Sheriff's Department. His brusque manner at times hid a gentle and kind heart every one recognized and respected; a sentimental man whose tender emotions were easily shown, tears as well as smiles, regardless of people or place.

Honest and considerate in all ways, Mickey will long be remembered by all of us who knew him through the years and we shall miss his fervent and loving thoughtfulness which he showed throughout his life.

We shall miss his faithful spirit.

North Paris

— Eveline Barrett, Corres. —

The West Paris fire department was called Tuesday afternoon to the home of Mr. and Mrs. Leo Morrison when fire was discovered by their neighbor, Rodney Abbott. The Morrisons have been away for some time. I understand the upstairs was badly burned. Hope it was insured.

Mrs. Owen Bonney Sr., a former resident, passed away August 28 at her trailer home at Bryant Pond. Our sincere sympathy is extended to her husband "Duffy," the children and grandchildren.

Mr. and Mrs. Arthur Bonney and Betty, Tampa, Fla., son, William Bonney, Kentucky, came for the funeral services.

Betty Stevens went to Dixfield Wednesday to visit her grandparents, Herbert and Jackie will go for the week end and Betty will return with them.

Mrs. Phyllis Hyam was at Stephens Memorial hospital for several tests. As she had a toothache Dr. Myles deadened the nerve.

Was the past heat wave our Indian summer?

Mr. and Mrs. Edgar Rainey and three children, Bryant Pond, spent Sunday afternoon with his mother Mrs. Mirja Rainey and brother, Wade Rainey and family.

Maynard Emery, Mechanic Falls, who is a frequent visitor at the Kalinowski's, Lawrence's and Barrett's had a mishap at the wood pile and almost bled to death before he could get to the house.

I believe a chip flew and hit him in the leg. Has to stay off of it for two weeks. He's too old to cut up like that.

Mrs. Janet Cohen was at the Norway hospital Sunday and Dr. Turnbull said she had an infection in the rib cage.

Mr. and Mrs. Philip Hyam had company for the week end: Dr. and Mrs. William Mast and children, Chelmsford, Mass., Marge and Greg Newman, Wakefield, Mass.

Northwest Bethel

Clarice Gibson, Corres.

Labor Day week end has come and gone and tomorrow the bus comes once more. What a difference nine years makes! When we moved back nine years ago we had five boys in school. Pat and Everett Saunders had Robert and Roberta in school and Richard hadn't even started. Now all of my boys, but Ira and Roberta have graduated. Robert and Ira are in high school and Richard is in the sixth, so we have none going on the grade school bus.

The 30th of August, James Gibson and Sue Keefe went over to Raymond Buck's, East Bethel, in the evening for a corn roast. Mr. and Mrs. Mike Davis, who were also visiting relatives in town, went; and another couple James didn't know. The 31st I took them to Lewiston to catch a bus to Bangor. Would have liked them to stay until the 1st as it was James birthday! but they had made plans to spend that day at Bar Harbor.

A week ago Sunday Tom Talbaw from Boston, Mass., and a friend of Corey Brown, spent overnight with Corey's parents, Mr. and Mrs. Stan Brown.

Mary Beth Hannon and Scottie Pike on the Gilead end of the street and Timmy Angevine on the Bethel end are all starting their first day of school Wednesday.

Mrs. Mildred Chapman, Frank Chapman's mother has been moved from the Rumford Hospital to Andrew's Nursing Home at South Paris.

A bear with four little cubs has been sighted twice on this road. Once Aylward's saw them near their house and someone else saw them near the cemetery.

Mr. and Mrs. Victor Coolidge's little daughter, Sarah, came back from the hospital Thursday.

Kathy Chapman, daughter of Mr. and Mrs. Frank Chapman has moved from Knoxville, Tenn., to Spartanburg, S. C., where they are opening a new Slender World Salon. This will be only about 200 miles from her sister, Betsy, so she is very happy about the move.

Evans Wilson was here to visit his sister, Mrs. Leslie Lapham and husband, a few days last week.

Mike and Stephen Wilson, Malvern Wilson's boys, who live in Houlton, stopped at Mr. and Mrs. Leslie Lapham's while they were in town, visiting relatives.

Mrs. Joe (Gerry) Shimamura, Bill and Jody, left Tuesday to visit Gerry's uncle, Bill Bond, in Hampstead, N. H., where they spent the night tending. On the way home they stopped in Concord, N. H., and visited her uncle and cousin, Albert Chapman and Louise.

Andy Benson spent a few days with his grandparents, Mr. and

Mrs. Frank Benson and his father Bradley Benson.

Mrs. Howard Chapman (Mack's) father, Philip Cummings, from New Jersey, came up this week end to take back his wife. Mrs. Cummings has been helping her daughter, since Mack's operation. Mr. and Mrs. Howard Chapman and two sons will be staying on at camp until Mack's grandmother, Mrs. Ada Balentine moves out.

Sally Clay and Lee Einzig spent the long week end in Andover, N. H., visiting Lee's parents, Mr. and Mrs. L. Hassler Einzig, and her brother.

Mr. and Mrs. Everett Saunders' son, Robert had his birthday celebration, Sept. 3, with Mrs. Eleanor Morton, Peter and Jack, Newry; and Mr. and Mrs. Jim Pelzel, Lisa and Daren.

Mr. and Mrs. Dick Angevine and four children, spent Saturday and Sunday in New Hampshire visiting points of interest. They spent the night in Wentworth, N. H., and visited Polar Caves, Lost River, Storyland, Alpine Slide, The Flume, Clark's Trading Post, Fantasyland and went on the Tramway.

Mr. and Mrs. Stanley Brown took her sister, Charlotte Thompson, Worcester, Mass., back to Portland bus depot, Sunday.

Saturday Mr. and Mrs. Brown entertained at a cookout supper her sister, Charlotte Thompson, a brother and wife, Mr. and Mrs. Mark Sweeney from Meadows, N. H., the Sweeney's son and family, Mr. and Mrs. Stephen Sweeney, also from New Hampshire, and the Brown's grandson, Andy Benson, from Bethel.

Mrs. Alice Foss from Hebron, visited her daughter and husband, Mr. and Mrs. Frank Benson, last week.

Janice Morgan is visiting her sister, Mrs. Chuck Mason III.

Mr. and Mrs. John Laban went to Gilmanton, N. H., and visited overnight Sunday with her parents Mr. and Mrs. Joseph Casey. They also picked up their daughter, Amy, who has been visiting her grandparents, Mr. and Mrs. Joseph Casey in Reading, Mass., for a week and a half.

Mrs. Walter Cherry and her

sister will be going for a visit to Europe. They will be seeing her son, Bruce, in England. I am sorry I did not get more details as she had told me on the phone that she was going and she left before I got a chance to stop in. I do understand that some one will be living in her house.

Mr. and Mrs. Joe Shimamura, Bill and Jody, went to Northland, N. H., and school shopping Saturday. They also had a lawn sale Saturday at their place on Vernon Street.

Frank, Ira, and I went Saturday to the supper at the Grange Hall and then went to Norway and played 63 with my parents, Mr. and Mrs. George Allen.

Monday, Bill Shimamura, Frank, Ira and I went to Rangeley where we had dinner in a restaurant which claims it is half way between the North Pole and the equator. We came back through Errol, N. H., and Upton.

Frank III, Grace, and two of Grace's nieces, were up to visit us Monday evening.

Mr. and Mrs. Teddy Benson and four children stopped on their way home from a week's trip to Canada and New Hampshire at his parents, Mr. and Mrs. Frank Benson's.

Remember the school buses will be on the road and we have to come to a full stop when the red light is flashing.

O. K. the kids are back in school. The tourists have split the scene. And back to the rut we can go if we choose. OR this could be a good time to re-evaluate our roles as members of a community and set aside a little time each week to lend a hand. One way is to take the first aid course offered by the BEARS and ultimately volunteer for ambulance duty. We've been doing our best for several months now to make you aware of the need for more ambulance attendants—if only to drive. Please call us (824-2233 or 2744) or come to our next meeting Sept. 19 at the fire station at 7 p. m. We still need junk cars!

Greenwood City

— Mrs. Collette Morgan, Corres. —

An odd little stillness hangs softly over all. We listen for sounds that aren't even there. School has recalled all children from play; their gay summer has tiptoed away.

I recall at this time the many times I prepared for the opening day in the one room rural school. These little school houses, like the buffalo and horse and buggy are dim historical memories.

Once upon a time the school was the hub of the community, the haven of learning, and the well-spring of all virtues.

Ages of pupils ranged from a precocious five to 14 and sometimes older. The smaller pupils sat in front and progressed in age to the rear of the room. Each day brought new and perplexing problems to be solved, which demanded tact and patience. The work was never monotonous. Teaching was fascinating because no day was ever the same. To be sure, there were times when I felt it necessary to count to 10 before saying anything. Then there were other times when an amusing incident made it difficult to keep back a chuckle.

I felt proud when Jim learned to read or John first learned to write his name well because I, of all people on earth taught him those things.

It was a precious privilege to help to mold and shape the lives and destinies of the children who were entrusted to me the greater part of the day.

I could learn as much from my pupils in a year as I could teach them.

It was an opportunity to use my originality and initiative which might have remained dormant in other work.

When the school year was over and I had worked hard, I had a feeling of satisfaction and accomplishment.

So this week I "remember" and I'm glad I was a teacher. I have now, and in years to come shall have, a wealth of happy and inspiring memories of the children I taught and knew as individuals. I may even be justified in feeling that perhaps, the world is just a little better because "I taught school."

The earliest school rooms were not designed to make rosy the road to learning. Children sang their songs, read their books, worked their problems through, and learned Right, Respect, Responsibility. The midmorning and midafternoon recesses, and lunch hour, were the high spots of the day which afforded just enough time for a game or two.

They, who came from the one room school were treated gently but not coddled, because only the test of fire makes fine steel.

Education came the hard way. But there has been proof of character and mental ability of the value of training received. Although they were not offered the advantages of an advanced institution.

LABOR DAY WINNER — 16-year-old Peter Mason (center) of East Bethel was holder of the winning ticket and received the 12 gauge shotgun awarded by the Greenwood Fire Department on Labor Day. At the Fire Station Monday morning to present the prize were Greenwood Firemen Paul Kimball (left) and Phil Coolidge. what is 'country gourmet dining'?

it's a nice mix of exceptionally fine food, prepared and served by people who really care, in an atmosphere you might call casually elegant... three things it is not: stuffy, pretentious nor terribly expensive... and Mike Jewell adds to the ambience every weekend with some very listenable piano.

Ingredients for Investment

Housing prices have gone up steeply since the mid-60's for two basic reasons. First, the shortage of new savings made it difficult to finance private housing, and the number of new housing units built each year was far below that what it should have been. Since there is a steady growth in population, this puts pressure on our housing reserves and prices rise.

Second, there have been inflationary increases in the labor and materials costs that go into building a house. In most urban areas, land values continue to go up each year, too. Historically, real estate values have

always increased faster than the cost of living. Thus, it is an excellent inflation hedge. So here are the ready-made ingredients for a good investment. We all need housing of some kind, and according to the experts, the price of housing will continue to go even higher, though perhaps, not as dramatically as in the past few years.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2579. We're here to help!
